

FUEL TANKER TRUCK

EZC-FT SERIES

Fuel tanker truck:

It is a motor vehicle manufactured by placing a fuel tank and Fuel tanker truck will be used for fuel filling in heavy equipments, Construction site, Various Engine and transportation vehicle that are working in different place and different purposes.

Fuel Tanker Truck Uses:

Fuel Tanker truck also called fuel dispensing truck, oil transfer truck, diesel truck, petrol fuel tanker, crude oil tanker truck, refueler tanker truck, diesel fuel tanker truck, Oil tanker truck is used to transport oil, diesel, gasoline, kerosene etc. It can be divided into many compartments to transport different types of fuels, lubricants, crude oil, and alcohol. Oil pump equipped with pump in pump out function

Stainless Steel fuel Tanker Truck:

You can buy our highly qualified and long-lasting stainless fuel tanker trucks, which are a reliable option for your needs. We produce our fuel tanker trucks with a capacity from 2,000lt to 24,000lt from S235JR or ST-52 sheet steel or 304L/316L 2D stainless steel, Carbon Steel, chrome steel according to demand. Depending on the needs of our customers, the shells are rolled with a modified ellipse or a modified trapezoid with radius. Thus, the desired volume distribution and/or rearview visibility are ensured.

Fuel tanker trucks are produced at the required capacity. As manufacturer of all kinds of tanker, we have different productions such as 2-ton fuel tanker truck to 24-ton fuel tanker truck.

Feature Point:

- > Single-stage/Multi stage fuel pump
- > Multi purpose fuel dispensing pump
- > Automatic suction fuel pump
- > Integrity vacuum unit
- > Filling Station
- > Refueler Station
- > Construction site
- > multi stage distribution
- > Industrial use
- > Hose reel

FUEL TANKER TRUCK

EZC-FT SERIES

Fuel Tanker has been produced in welding constructions with gas metal arc welding as "I" crossing from high resistant steel considering overloads proper to capacity and intended usage. Material quality standart is ST 52 or Aluminum and carbon. Fuel Tanker trailer is suitable for to carrying fuel, diesel, Jet A1, water and any other liquid materials. Product is produced from standard 4 mm or more "Eregli". It depends on (light) 3mm MC 700 (flexible and strong) or "Aluminum" 5,28 mm metarial is produced. Chrome Nickel is used in stainless steel tanks for milk semi trailer.

Features of fuel Tankers:

- Made of AISI 304 L 316 L stainless material
- Made of High Quality carbon steel
- Multi compartment cylindrical or elliptical tank
- Two-stage centrifugal pump (1500 lt./min. @ 8-10 bar)
- Split Shaft PTO driven fuel pump
- Electric or manual driven fuel hose reel
- Front, rear and side pressure fuel outlets
- Hill-mounted fuel monitor
- Horse pressure fuel pump on the tank
- Pneumatic control panel in the driver's cab
- High pressure fuel pump up to 200 bar

3,000 Liter of fuel Tanker (EZC-FT-3000)
Multi compartment cylindrical or elliptical tank
Two-stage centrifugal pump (1500 lt/min @ 8-10 bar)
Split shaft PTO driven fuel pump
Electric or manual driven fuel hose reel
Front, rear and side pressure fuel outlets
Hill-mounted Fuel monitor
Horse pressure fuel pump on the tank
Electro pneumatic control panel in the driver's cab
The empty weight of the fuel tanker with a loading capacity of 3000 liters and the loaded weight is 4950 kg. The 3-ton fuel tanker is among the most used fuel tanker models. The 3000 liter fuel tanker is a very useful and long-lasting tanker variety.

FUEL TANKER TRUCK

EZC-FT SERIES

5,000 Liter of Fuel Tanker (EZC-FT-5000)

Transportation and distribution of fuel/oil

Industrial use

Long distance fuel distributions

Handy and easy movement

Fire suppression and safety uses

The empty weight of the 5-ton fuel tanker with a loading capacity of 5000 liters and the loaded weight is 6100 kg. The 5-ton fuel tanker is among the most used fuel tanker models. The 5000 liter water tanker is a very useful and long-lasting tanker variety.

6,000 Liter of fuel Tanker (EZC-FT-6000)

AISI 304 L is made of 316 L stainless material

Multi compartment cylindrical or elliptical tank

Two-stage centrifugal pump (1500 lt/min @ 8-10 bar)

Split shaft PTO driven fuel pump

Electric or manual driven fuel hose reel

Front, rear and side pressure fuel outlets

Hill-mounted fuel monitor

Horse pressure fuel pump on the tank

Electro pneumatic control panel in the driver's cab

High pressure fuel pump up to 200 bar

7,000 Liter of Fuel Tanker (EZC-FT-7000)

AISI 304 L is made of 316 L stainless material

Multi compartment cylindrical or elliptical tank

Two-stage centrifugal pump (1500 lt/min @ 8-10 bar)

Split shaft PTO driven fuel pump

Electric or manual driven fuel hose reel

Front, rear and side pressure fuel outlets

Hill-mounted fuel monitor

Horse pressure fuel pump on the tank

Electro pneumatic control panel in the driver's cab

High pressure fuel pump up to 200 bar

Technical Parameter EZC-FT SERIES

Tank Material	: S235JR/ST-52 SS or 304L/316L 2D SS, Carbon Steel, Chrome Steel
Thickness	: 4 mm
Shape of Tank	: Oval/Elliptical/Cylindrical
Compartment	: Single/Multiple
Manhole	: One set on each compartment
Sealing	: Rubber, Oil resisted
Pump	: 350 ltr /minute (Optional)
Type	: PTO Driven
Fuel Dispense	: Continous
Baffle plate	: 04 nos
Vapor Vent	: 02 nos
Filling hole with air tight cap	: 02 nos
Hydraulic pump	: PTO Operated
Ladder	: 02 nos
Filling the fuel	: Out Source
Colour	: Any
Towing hook (Front and Rear)	: integrated with the body.
Rear view mirror	: included
Halogen Head lamps	: included
Wiper	: Fast/slow/intermittent features with wash.

Dashboard:

Features/indicators:

Digital Odometer with trip count, Tachometer, Speedometer(Km), Fuel gauge, Temperature gauge, charging indicator, Door open indicator, Lubricant low-pressure indicator, Turn indicator, High beam indicator, Parking break indicator, Glove box, Digital Clock.

Three point Seat belts	: Driver and front passenger
Cigarette lighter	: Passenger and driver
Head rest	: For front seats
Floor Mat	: International standard.
Horn	: Twin horn, electrical.
Emblem	: Writing with reflective stickers.

Tools and Accessories:

1 Set jack with handle, 1 wheel wrench, 8-19 mm dhully spanner 6 nos, 1 plier (nose), 1 General pliers, 1 screw driver Philip and cruiser flat, 1 Tire lever, 8-12 inch adjustable wrench, 1 jerry can, 1 spare wheel.
